● Cautions

- ① If you are concerned about the vaccination because of your underlying health condition or medical treatment, **consult with your primary care doctor.**
- ② Please make sure that **your arm and shoulder are accessible.**
(It would be ideal to wear vest, T-shirt, etc.)
- ③ For sufficient effectiveness, it is necessary to get two doses of same type of vaccine between a certain period of time. Basically, the second dose will be exactly 3 weeks later.
A sheet of vaccine tickets includes the first and second ticket as well as the vaccination certificate. **Please bring the entire sheet.**
- ④ People who have difficulty moving around because of age or other health conditions, please get assistance.

● Need your consent for vaccination

Covid-19 vaccination is not mandatory. The vaccination will be given only by the recipient's consent.

Before the vaccination, we will check this matter, so please read the enclosed instructions beforehand.

● Vaccination outside of Joyo, Uji and Kumiyama

- ① **Person who will get vaccinated and is currently hospitalized or in a medical facility.**
Consult with your doctor at the facility.
- ② **Persons who are currently undergoing treatment or hospitalized for pre-existing conditions.**
Consult with your doctor at the facility.
- ③ **Persons who registered at Joyo City but reside in other municipalities.**

You may get vaccinated where you currently live. Please check with コロナワクチンナビ / Corona Vaccine Navi on the web or inquire at the municipality where you live.
